

COGEN C30	Roastin exhaust air	Cooling exhaust air
Temperature	80 - 200 °C (max 250 °C)	35 - 120 °C (max 150 °C)
Volume flow	540 m <sup>3</sup> /h standard condition	800 m <sup>3</sup> /h standard condition
Pressure	Overpressure operation approx. 0 - 5 mbar	Overpressure operation approx. 0 - 5 mbar
Part	~nominal 200 mm	~nominal 175 mm
Wall opening	Depending on the local conditions	Depending on the local conditions
